
a
Under-illuminated fraction, UDI$_{low}$
Window solid angle (incl. wing-discounted)
Window elevation cosine
Direct-sun fraction
Enclosure anisotropy
Depth behind point
Window angular spread
South-facing solid angle
Sill clearance
Distance to nearest corner
East-facing solid angle
West-facing solid angle

b
Over-illuminated fraction, UDI$_{up}$
Direct-sun fraction
Window solid angle (incl. wing-discounted)
Window elevation cosine
South-facing solid angle
Sill clearance
Window angular spread
Enclosure anisotropy
West-facing solid angle
East-facing solid angle
Depth behind point
Distance to nearest corner
